

Alcohol Selection

The main hotel lobbies stock more than 40 brands of domestic and imported brands of alcohol. In addition, light and dark beer, red, white, and rosé Spanish wine, and Freixenet champagne are available. Hemingway, Churchill and El Desván bars serve the premium brands. Some of the lobby bars also have a special coffee menu. That is listed separately. Here is a partial list of what is available. If you do not see what you'd like just ask – they may have it under the counter. If your drink is not strong enough ask for more!!
